

RENAULT KANGOO

overseas model shown

Renault Kangoo. efficient, smart and versatile.

There's good reasons why Kangoo was Delivery Magazine's 'Best Small Van' in 2015 and 2016, and Drive 'Small Van of the Year' in 2018 and 2019.

Available in the Compact and Maxi versions with a range of powerful and efficient turbocharged engines, the Renault Kangoo is a versatile and productive addition to your business. It offers excellent comfort, safe and predictable handling, and a wide range of practical customisation options, as well as the peace of mind that comes with a 5 Years / 200,000 km Warranty.

KANGOO

range

Short or long, petrol or diesel, auto or manual – whichever you choose, there's a Kangoo full of can-do that's just right for your business.

Kangoo Compact Manual & Auto

Dual side doors, a low load floor and enough space between the wheel arches for a full size Aussie pallet make the Compact the city van of choice. With its powerful and efficient turbo petrol engine hooked to a smooth shifting 6 speed auto or manual transmission, Kangoo Compact delivers both space and pace.

Kangoo Maxi Auto

Maxi means more – more space and more payload. With a longer wheelbase that boosts cargo space by 33% and a grunty turbo diesel engine up front providing seamless torque and effortless pulling power, Maxi works hard for your business.

overseas model shown

big things come in small packages.

Kangoo compact turbo petrol

The engine in the Kangoo Compact features some cutting edge technology to ensure it consistently delivers smooth, dependable performance with maximum reliability. That technology means it's also very efficient, using less fuel and creating fewer pollutants. All this with great all round drivability and surprising acceleration.

More power

The H5Ft engine produces 84kW of power at just 4500 rpm's. This means less noise and vibration for a quieter, more relaxed drive, and significantly less engine wear. Because it's not revving as high, it also means lower fuel consumption.

More torque

The Compact's engine uses both turbo charging and direct fuel injection to deliver 190Nm of torque between 2000 & 4000 rpms. Not only does the H5Ft produce plenty of torque, it does it over a broad rev range as well. But don't take our word for it – one drive and you'll be hooked on the seamless surge that's available any time you flex your right foot.

More safety

We want you to be safe, and that's why it makes no difference which Kangoo model you buy - they all come with the same high level of safety equipment standard. There's ESC & ABS, as well as reverse sensors and a rear view camera, cruise control and a speed limiter. Hill Start Assist reduces the chance of rollback, and front and side airbags provide additional protection to front seat occupants.

More equipment

The extra's don't stop there. We've upgraded the transmissions to make optimal use of the engines performance. There's a light and smooth shifting 6 speed manual for those that like to change their own gears, or a 6 speed automatic that delivers seamless shifts and smooth acceleration at any speed.

With a sound deadening cargo bay mat thrown in as standard, the Kangoo Compact is great value for money.

the big small van

Kangoo Maxi.

If power, payload and space are on your shopping list, step up to the Kangoo Maxi.

Kangoo Maxi makes the most of your working day with 33% more cargo carrying space and payload than the already capable Compact. Right and left sliding doors and dual rear swing doors that open 90 or 180 degrees make loading and unloading a breeze, especially for city operators who often work in confined spaces.

Powered by a common rail 1.5L diesel and 6 speed automatic transmission, it's delivers a solid 800kg+ payload and 1 tonne towing power.

And because the most important thing it will carry is you, it comes with the same safety features as every Kangoo. There's Electronic Stability Control, Emergency Brake Assist, Traction Control, Grip Assist, reversing sensors and camera, Bluetooth and steering mounted audio and cruise control.

overseas model shown

stay connected.

overseas model shown

Kangoo can-do connectivity! You can play the tunes of your choice through a quality AM/FM radio that includes USB input, a 3.5mm auxiliary jack, plus Bluetooth hands-free with audio streaming capability, all controlled via steering wheel mounted controls so you won't need to take your eyes off the road for a moment. There's also a CD player for those who like their music the way it used to be.

A 12V power outlet lets you charge any portable electronics.

versatile.

Kangoo has everything you'll want to meet the needs of your business. Short or long wheelbase, petrol or diesel, auto or manual. With standard features like Barn Doors, Automatic headlights and Automatic wipers and fog lights, you're spoiled with the Kangoo. Whatever your business needs, there's bound to be a Kangoo to suit.

overseas models shown with optional equipment.

convenience.

If your work van is more of a mobile office, you need a van that is equipped to keep you comfortable and organised. That's why Renault Kangoo features a height adjustable steering column, air-conditioning, Bluetooth® hands free connectivity and an integrated armrest, so you can personalise your workspace to fit you.

The overhead cabin storage shelf is perfect for storing invoices and documents and interior lights are located in both the cabin and cargo areas.

kangoo under the x-ray

A practical cargo space, flexible and efficient engines, and options that make it equally at home at work or leisure. Kangoo deserves a closer look.

a very practical place

Big on Versatility

Whether you're hauling supplies or equipment, moving to the next job site, or just taking the dog to the beach, Kangoo's got it covered. It's a true multi-purpose vehicle.

Big on space.

Multiple storage compartments in the cabin make the most of the available space. There's a handy A4 storage tray in the middle of the dash, a generous glovebox, centre armrest cubby and front door bins that include a bottle holder. There's 3 cubes of cargo space in the SWB Compact, or 4 cubes in the LWB Maxi. There's a range of options to keep you and your cargo separate too. You can stick with the with tubular protection bars standard behind the driver on all models. Or you can specify a steel bulkhead, or an Australian Standards compliant mesh barrier. We've got every angle covered! Payload is 540 – 800kg, depending on model and optional equipment.

Big on Access

All Kangoo's come with the convenience of dual side sliding doors, for easy access to the cargo bay no matter where you park. All models have rear Barn Doors as standard, making it great for smaller parking spaces, or when you need to get a pallette in. Kangoo's front wheel drive power train means the cargo floor can be lower, giving a load sill height of around 550mm, with no compromise to head room.

safety is paramount.

There's a wide range of options and accessories available across the Kangoo range, but there's one option you just can't buy – safety. That's because with a Kangoo, safety comes standard. Every Renault Kangoo comes with a range of features designed to keep you safe and secure. There's Driver and Passenger Front and Side Airbags, and Anti-Lock Brakes (ABS) with Electronic Brake Assist (EBA). There's also

Electronic Stability Control (ESC) with Traction Control (ASR), cruise control and a speed limiter. Hill Start Assist makes short work of hill starts, and Grip Assist gets you moving when traction's in short supply.

1. Driver and passenger airbags
2. Rear view camera
3. Cruise control and speed limiter

4. Front fog lights
5. Hill Start Assist

- 6. Rear parking sensors and camera
- 7. ABS with EBD
- 9. Adaptive ESC and Traction Control

optional equipment comfort

1. The rear view camera

2. **With the climate control system** you won't need to constantly adjust the speed of the air conditioning fan. At the touch of a button, you can set your desired cabin temperature and the optional Automatic Climate Control system will do the rest.

3. 15" 'Aria' alloy wheels

optional equipment comfort

1. **Steel bulkhead.** Fully isolates the loading space from the driver's position.

genuine accessories safety and comfort

For an extra level of driver comfort and safety, go no further than the selection of Renault Genuine accessories that have been designed specifically to suit the Kangoo.

1. **Smartphone Support** (7711574875)
2. **The rear view camera**(7711425749)

Also available:

Rubber floor mats - front (G4902X6100AU)

Air conditioning curtain (H7603F6100AU)
